

Adding WeBWorK Homework at CWU

1. Click on your Course Name (not Course Administration)
2. Type in your Username/Password combination and click
3. Click on Hmwk Sets Editor from the Main Menu
4. Select Create a new set named:, provide a name, and click
5. Click on the pencil next to your homework set's name.
6. Set the Open Date, Due Date, and Answer Date, select Save changes and click
7. Click on Library Browser or Library Browser 2 in the Main Menu
8. Select the Target Set, select a Subject, Chapter, and Section and click
9. Select problems for the set:
 - (a) Use Add this problem... to mark the problem
 - (b) Click when you have selected the problems from this page
 - (c) Click when you want to move to another page (if you have selected problems on the current page, but not clicked , WeBWorK will not remember the selected problems).
10. To check what you have selected:
 - (a) Click on Homework Sets from Main Menu
 - (b) Click on the name of your Homework Set
