

Grading Information

- Homework will be assigned through Mymath lab and from the book. The online work will count towards your grade for the course. The assignments from the book are for practice.
- An assortment of quizzes, both in-class and take-home, will be given. In-class quizzes typically will be unannounced. **In-class quizzes cannot be made-up for any reason.** I will drop ONE quiz score at the end of the quarter.
- Quiz answers will be graded as right/wrong. No partial credit will be considered.
- You will have 3 exams (100 points each) and a final exam (200 points). Partial credit will be considered for problems on exams. You may not drop any exam scores. No retakes will be given.
- Make-up exams are generally not given. If you are unable to attend class on an exam day, you must arrange with me PRIOR to the exam date or you will forfeit your right to make up the exam. Do not contact me after the exam has been given asking to make up the exam.
- **The final exam may not be made up or rescheduled. Do not ask to do so.**

Closing remarks

- If you wish to set up academic adjustments in this class, you need to give me a copy of your “Confirmation of Eligibility for Academic Adjustments” from the Disability Support Services Office as soon as possible so we can discuss how the approved adjustments will be implemented in this course. Students without this form should contact the Disability Support Services Office. It is YOUR responsibility to make appointments at the testing center if you chose to use that service. I will make and enforce deadlines for each exam/quiz you take in the testing center.
- I will call on you to participate in class, to answer questions, to “give me the next step”, etc. Your class participation allows me to assess your knowledge while I teach. Your participation is vital for my teaching and ultimately, your learning.
- I LOVE teaching! I hope that you will find this course enjoyable. Please, do not hesitate to ask me questions.
