

Finite
Math 130, Meeting Daily Bouillon 111

Instructor: Drewcilla Walter
 Phone: 509-963-2330
 E-mail: walterd1@cwu.edu or through **canvas**
 Office: Black 225-39

Daily Schedule:

Office hours	9:00-9:50
Math 130	10:00-10:50
Office hours	11:00-12:50
Math 101.004	1:00-1:50
Math 101.005	2:00-2:50

Or by appointment

Required Materials

- Text: Finite Mathematics: Introductory Probability and Statistics by Cutlip and Owen. We will be covering chapters 6-10.
- A scientific calculator is required. TI-83/84 is recommended. **You will not be able to use your smart phone on Tests**
- You will need computer access. We will be using **Web-Work** for your homework. **Canvas** will be used to post your grades, assignments, the course syllabus, test dates, and other important information.

Grading: I will post each assignment as I grade them to Canvas, so you will be able to check your grade as often as you want. Be careful, because canvas only shows you the average over the material graded, any blank will reduce your average.

Assignment guidelines:

- All assignments must be **neatly done**, if I **can't read I will assume the answer to problem is wrong**.
- You will need to **box/circle your answer**, you don't want me to miss your correct answer by not being able to find them.
- You must do assignments in **either pencil or black colored ink**, I will not grade anything in other colors.

Homework: You will have 2 types of homework, the first is on **WebWork**. **These will be assign at the end of the section and will only be open for 4 or 5 days**, you have unlimited chances to input the correct answer.

- **Make-Up homework:** I will re-open each sections WebWork, for 70% of the missed questions, a few days after the original due date. The final date to Make-up any work is **May 31st, at 11:59 pm**, which is the last Tuesday before finals.

Weekly Quizzes: I will give a weekly take-home quizzes. These quizzes will be given on **Friday** and be **due on Monday**. **I will not take late quizzes**. The topics that will be covered in the quiz will cover the topics covered from the previous Friday to the Thursday. With technology, if you know you will be absent on either Friday or Monday, send/ask for a copy of the quiz to my email, I may ask for the original if the picture is not of high quality.

- **Quiz Make-ups:** You are responsible to make an appointment to take a make-up quiz, in my office. They will be open note/open book. The final date to Make-up any work is **May 31st, at 11:59 pm**.

Tests: Tests will be given at the end of each subject section. You will only be able to use a graphing/scientific calculator and a 3X5 notecard (**both sides and handwritten by you**). **No smart phones, not even to listen to music.**

- **Test Make-ups-** It will be **your responsibility** to schedule a make-up test. I will warn you that make-up tests are harder. My reasoning is you have more time to study, so should be better prepared than those who took the test when it was given.
- If you know you will miss a test, you might want to come to me and arrange to take the original test early. If you are a member of a sports team or part of a school related function, come and talk to me about having your

coach/instructor/advisor to proctor your exam on the day that the class takes it. You will need to give me several days to talk to the coach/instructor/advisor and arrange what needs to be done, **the day before you leave is not enough time.**

- **I will allow you to take one Re-take.** However, **you will be responsible** for scheduling the retake, and deciding which test you want to retake.

Test Corrections:

I am a firm believer in learning from one's mistakes. You will correct any problem that was marked wrong or partially wrong (**on a separate piece of paper**). If you got a **perfect score on the test, please turn test in to get the 5 points.** **This is not optional and is a separate grade from tests.**

Final

The final is comprehensive. There will be 55 parts/questions, which will have a total of 110%. If you are a student who does reasonably well throughout the course, you could pass the class and not even have to take the final. However, if you have not done well throughout the quarter, and need more than 110% to pass.

- **The final can act as a last minute save.** Meaning that if you pass the final with a 75% or better you will receive a C for the course.

Attendance:

- Attendance is not mandatory, but a **bonus.** **Every absence 0.5% will be subtracted from the bonus.** **You are responsible for deciding whether you want to attend class and participate.**
- However, **you are also responsible for the information and assignments given during the classes you missed.** I will be copying each class's notes to canvas in a weekly announcement.
- This announcement will also include the problems in the book that will help with the WebWork homework assignments.
- I will post assignments and make announcements for tests on Canvas' calendar.

Last day to turn in make-up quizzes, homework, and make-up/retake tests is May 31st.

Extra Help:

Please come to me and either drop in during office hours or schedule an appointment. If you don't feel comfortable with coming to me for help there is the University Math Center, located in ARC on the first floor of Brooks library has tutoring hours. If you need other options please speak to me and we will work out a plan of action. Math 130 also has a **Supplemental instruction** section, run by **Dennis Capovilla.**

Cheating:

if you are caught cheating you will receive a zero, with no chance to make up or retake the test/quiz. **This includes using your smart phones on quizzes and tests.**

Accommodations

"If you have a disability and require accommodations for this course, please speak with me privately as soon as possible so that your needs may be appropriately met. If you have not already done so, you will need to register with Disability Services (DS). DS is located in Bouillon 140. Call (509) 963-1202 or email ds@cwu.edu for more information."

Harassment/Discrimination:

Central Washington University does not tolerate any act of harassment or discrimination. I expect everyone to treat me and each other with the utmost respect and dignity. Please treat others how you would wish to be treated. If you experience, or know of someone who is being harassed or discriminated against, I would encourage you to report your concerns to me, another faculty member, employee of CWU, Office of Student Rights and Responsibilities at 509-963-1515, or Gail Farmer (who is the Manager of Equal Opportunity and Affirmative Action) in Bouillon 205 at 509-963-2206 or farmer@cwu.edu. The complete list of policies are available online at www.cwu.edu/hr.
