

Central Washington University

Mathematics Department  
400 E. University Way  
Ellensburg, WA 98926

Math 101  
CRN# 90459  
Number of credits: 5

Math in the Modern World  
Room: Samuelson 107  
Office Rm. Samuelson 228J

Fall 2019  
E-mail: AndrewR@cwu.edu  
Office Hour: 11:00 a.m.

Note: Text is optional, but you will need an access code to MyMathLab.

You will register for MyLabMath through Canvas.

Course Packet from the Wildcat shop for Math 101 (Richards)

Recommended Materials: Graphing Calculator (TI-83/84 preferred), pencils, erasers, lined paper or graph paper, notebook, and a large eraser.

Note: Without my consent, you will not be able to use a cell phone on tests.

Course Description: Selected topics from the historical development and applications of mathematics together with their relationship to the development of our present society.

Prerequisites: Students must achieve an appropriate test score or successfully complete the required prerequisite course(s) before enrolling in a quantitative reasoning course.

Attendance: I expect you to attend every class meeting as I have found that scores and grades reflect the amount of time in class. If you can't attend because your circumstances change, you must drop by **11:59pm, Oct. 1<sup>st</sup>, 2019**, to be eligible for a refund. If you have to be absent for some emergency, be sure to contact me at the earliest possible time. Excused absences will not lower your overall grade in this class and are determined on a case-by-case basis. Excused absences are those that are both valid and verifiable, e.g. illness, bereavement, and school-related activities. Documentation is required. Excused absences do not include travel for holiday breaks, work, or non-emergency travel delays. In compliance with RCW 28B.137.010, Central Washington University makes every effort to deal reasonably and fairly with students who, because of religious obligations, have conflicts with scheduled exams, assignments or required attendance. Students must present written notice to their instructor within the first two weeks of class listing the specific dates on which accommodations are required. Contact the Dean of Student Success at (509) 963-1515 for further information or questions.

Homework: Success in a math class goes hand-in-hand with completing the homework assignments. When doing your homework, feel free to ask for help. The University Math Center is here to help you; get in the habit of doing your homework during open hours. Form a study group with other members of the class. Talking with others about math is where learning begins!

Late Work: It is your responsibility to submit your assignments on-time, which means that you need to maintain awareness of the due dates and plan accordingly. **Any late work will receive a 5% penalty per day. The last date you may turn in late work will be the Thursday prior to finals week.**

Academic Honesty: Consult university policies ([CWUP 5-90-040\(22\)](#), [CWUR 2-90-040\(22\)](#), and [WAC106-125-020](#)) for student conduct, cheating, plagiarism, and other academic expectations. CWU's policies and recommendations for academic misconduct will be followed, leading to disciplinary action up to and including failing the course.

Exams: There are three options for each exam

Grading: Grades will be based on

3 Exams (@ 15% each)	45%
Homework (@ 2% each week)	20%
Quizzes (@ 1.5% each week)	15%
Final	20%

Note: Exams will be taken on MyLabMath and will have two attempts each.

Professionalism: As a member of a peer learning community, a high degree of professionalism is necessary. **CWU expects every member of the university community to contribute to an inclusive and respectful classroom culture.**

Math Mission Statement: In support of liberal education, scientific careers, teacher preparation, and actuarial science, the mathematics department prepares students for quantitative and symbolic reasoning and advanced mathematical skills through general education, service, major, and graduate programs.

Disability Resources Statement: Central Washington University is committed to creating a learning environment that meets the needs of its diverse student body. If you anticipate or experience any barriers to learning, discuss your concerns with the instructor. Students with disabilities should contact Disability Services to discuss a range of options to removing barriers, including accommodations. Student Disability Services is located in Hogue 126. Call (509) 963-2214 or email [ds@cwu.edu](mailto:ds@cwu.edu) for more information.
