

## DEPARTMENT OF MATHEMATICS CENTRAL WASHINGTON UNIVERSITY

### *Math 154.001 (90388), Fall 2021*

<i>Instructor:</i> Molly Andaya <b>molly.andaya@cwu.edu</b>	<i>Where to be:</i> <b>SAM 102</b> , 9am, M – F
Samuelson 228K, 963-1826	<i>Office Hours:</i> 11:00 – 11:50pm M-F, or by appt.

#### Required Materials

- Course Pack (purchase at the Wildcat Shop)
- Graphing Calculator: recommended model is TI-83/84. If you have another model, that's fine, but I can't help you run it. You may not use a phone app as your graphing calculator.

#### Course Description

- Math 154 is a continuation of Math 153 with emphasis on trigonometric functions, the unit circle, solving trigonometric equations, vectors, the complex numbers, and an introduction to analytic geometry. Focus will be on skill as well as application.

#### Expectations/Policies

- **Attendance:** I do not take attendance on a regular basis (except for the first 5 days of the quarter). I do give attendance based quizzes a few times each quarter. These are unannounced and cannot be made up for any reason. Advanced communication about and documentation of absences is expected.
  - **If an assignment or take-home quiz is due the day you will be absent, have someone turn it in for you, OR turn it in early (do not email it to me).** I don't accept late work. If you have to miss class (excused absence), please have a conversation with me in advance, and I will work with you to accommodate your absence.
- **Grading:** I post your grades on Canvas, make sure you let me know if you have any questions!
  - All graded work will be assigned to a category:
  - **Homework (15% of your grade)**
    - Homework will be accessed in Canvas. Due dates will correspond to each assignment. Due dates are firm. Do not ask for extensions.
    - *Please ask me if you have any questions about the grading/answers for this homework.*
  - **Written Work (25% of your grade)**
    - *In Class and/or Take-Home Assignments* will be handed out and worked on in class or posted in Canvas for you to work on at home. Due dates will be given for each assignment (see absence policy). I will grade these assignments for either "completeness" or correctness. No partial credit for these.
    - *Attendance Activities* will be unannounced. You must be in class to participate. If you are late to class and miss an attendance activity, you will not receive the points. These cannot be made-up for any reason. Questions will be graded as right/wrong, partial credit will not be considered.
  - **Assessments (60% of your grade)**
    - *Friendly Angle Quizzes:* You will have plenty of these throughout the quarter. No partial credit.
    - *Exams:* You will have a minimum of 3 exams and a comprehensive final. Partial credit will be considered on all exams. No retake exams will be given. ***If you are unable to attend class on an exam day, you must arrange with me PRIOR to the exam date or you will forfeit your right to make up the exam. Do not contact me after the exam has been given asking to make up the exam.***
- The last exam (not the final exam) and corresponding homework will most likely be due the week before finals.

## DEPARTMENT OF MATHEMATICS CENTRAL WASHINGTON UNIVERSITY

### Grading Scale

A	A-	B+	B	B-	C+	C	C-	D+	D	D-	F
93-100%	90-92.9%	87-89.9%	83-86.9%	80-82.9%	77-79.9%	73-76.9%	70-72.9%	67-69.9%	63-66.9%	60-62.9%	<60%

### Finally

- Disability Services
  - Central Washington University is committed to creating a learning environment that meets the needs of its diverse student body. Students with disabilities should contact Disability Services to discuss a range of options to removing barriers, including accommodations: Hogue Hall 126, (509)963-2214, ds@cwu.edu
- Academic Honesty
  - Students are on their honor to follow the student conduct code as outlined in the [Washington Administrative Code](#). Violations of this section will result in a failing grade in the course in addition to further possible university sanctions. (See <http://apps.leg.wa.gov/WAC/default.aspx?cite=106-125>.)
- Diversity and Behavior
  - University-level education is about broadening horizons and looking at academic issues from a variety of perspectives. With this in mind, the participants in this class are encouraged to bring their own life experiences and viewpoints to bear on classroom discussions and assignments. Along with the freedom to express one's own views comes the responsibility to respect the views of others. No student will be discriminated against on the basis of race, ethnicity, age, creed, religion, gender, sexual orientation, marital status, or political ideology.
- Absences
  - ***Absences on test days must be prearranged, or you will forfeit the opportunity to take the exam.***
  - Excused absences will not lower your overall grade in this class and are determined on a case-by-case basis. Excused absences are those that are both valid and verifiable, e.g. illness, bereavement, and school-related activities. *Documentation is required.* Excused absences do not include travel for holiday breaks, work, or non-emergency travel delays.
  - In compliance with RCW 28B.137.010, Central Washington University makes every effort to deal reasonably and fairly with students who, because of religious obligations, have conflicts with scheduled exams, assignments or required attendance. *Students must present written notice to their instructor within the first two weeks of class listing the specific dates on which accommodations are required. Contact the Dean of Student Success at (509) 963-1515 for further information or questions.*
- **I don't give extra credit at the end of the quarter to help with your grade. There are no "extra things" you can do, beyond what is offered in class to all students, to help with your grade. Please don't ask for special treatment. Attendance, hard work, and conscientious effort will set you up for success.**
- Come to class ready to be engaged in the Mathematics. It will help you! *Resist the temptation to be engaged with your phone. It is irritating to me;* in addition, your learning will suffer.

### Important Dates:

- **9/28: Add/Drop Ends**
- **11/11: No Classes (Holiday)**
- **11/24 - 11/26: No Classes (Holiday)**
- **12/8: Final Exam, 8am - 10am, SAM 102**
