

Math 407 Spring 2022
Mathematics Honors Seminar (Upper Division)
Number Theory through Primary Sources
Meeting times: Friday, 9:00–9:50 in Samuelson 117

Instructor: Dr. Dominic Klyve

Office: Bouillon 123

Phone: 963-2545

E-mail: klyved@cwu.edu

Webpage: <https://sites.google.com/site/profklyve/>

Office Hours: Monday 11:00–12:00, Wednesday 9:00–10:00, and by appointment

The Mathematics Honors Seminars at Central Washington University give students a chance to learn and apply mathematics beyond what is taught in most courses. We will learn new fields, study their history, and learn to access modern research in mathematics. We will also practice our skills in speaking about and writing about mathematics.

In this quarter’s seminar, we will be focusing on Number Theory, which we will learn through the study of primary historical sources.

Required Text:

None

Evaluation and Grading:

Grading will be based on class attendance and completion of assigned work outside of class. No points will be deducted for excused absences – keep me posted if you need to miss class!

Students with disabilities who wish to set up academic adjustments in this class should confirm with me that I have received a copy of their “Confirmation of Eligibility for Academic Adjustments” from the Center for Disability Services as soon as possible so we can discuss how the approved adjustments will be implemented in class. Students without this form should contact the Center for Disability Services.
